

# Colin Olito Ph.D.

Postdoctoral Fellow  
Department of Biology,  
Ecology Building, Lund University,  
Sölvegatan 37, 22362, Lund, Sweden

Phone: +46 73-413 04 19  
Perm. Email: colin.olito@gmail.com  
Univ. Email: colin.olito@biol.lu.se  
Website: <https://colinolito.wordpress.com>

## University Degrees

---

- 2017 **Ph.D.** Evolutionary Biology, Monash University, Australia (Supervisor: Tim Connallon)  
2013 **M.Sc.** Evolutionary Ecology, University of Calgary, Canada  
2007 **B.Sc.** Marine Biology, University of Hawaii at Manoa, USA

## Post-Doctoral Positions

---

- 2022 – 2024 **Olle-Engkvist Postdoctoral Fellow**, Lund University, Sweden. Host: Dr. Bengt Hansson (90% research).  
2020 – Pres. **ERC funded Postdoctoral Fellow**, Lund University, Sweden. Host: Dr. Jessica Abbott (90% research).  
2018 – 2020 **Wenner-Gren International Postdoctoral Fellow**, Lund University, Sweden (100% research).

## Fellowships, Awards, & Grants

---

- 2021–2022 Biodiversity and Ecosystem Services in a Changing Climate (BECC) Action Group: "Genomic causes and consequences of inbreeding in natural and domesticated populations" (Strategiskt Forskningsområde; Lund University; 123, 000 SEK)  
2020 ESEB Godfrey Hewitt Mobility Award. Project Title: "Genomics of sex determination in the Hawaiian *Wikstroemia*" (€1, 890)  
2019–2021 Nilsson-Ehle Project Grant in Genetics Research, Kungl. Fysiografiska Sällskapet i Lund. Project Title: "Genomics of sex determination in the Hawaiian *Wikstroemia*, a radiation of flowering plants with multiple evolutionary origins of dioecy" (Lund University, 125, 000 SEK)  
2020–2021 Wenner-Gren International Postdoctoral Fellowship, Lund University, Sweden  
2018–2019  
2019–2020 ERC funded Postdoctoral Fellowship, Lund University, Sweden  
EEB Postdoctoral Fellowship (University of Toronto, *awarded but declined*).  
Carl Tryggers Postdoctoral Fellowship (Lund University, *awarded but declined*).  
2017 Nominated for Mollie Holman Medal (Monash University) – a competitive award given to the most outstanding doctoral thesis from each faculty.

DeLill Nasser Award (Genetics Society of America) – To attend ESEB special topic network "Linking local adaptation with the evolution of sex differences" (Lund, Sweden, \$1,000).

Postgraduate Publications Award (Monash University, \$4,500).

SSE Student Travel Grant – Evolution 2017, Portland, OR, USA (\$500).

2015 Faculty of Science Dean's International Postgraduate Scholarship (Monash University, graduate tuition fees through 2018).

Faculty of Science Dean's Postgraduate Scholarship (Monash University, \$26,288 AUD per annum through 2018).

2012 Queen Elizabeth II Graduate Student Scholarship (University of Calgary, \$15,000 CAD).

Grahame Bell & Norma Kay Sullivan-Bell Graduate Scholarship in Biology (University of Calgary, \$7,000 CAD).

## University and Professional Duties

---

Mentorship M.Sc Student (BINP39) – Co-supervisor, Project title: *Genome Assembly in the Hawaiian Wikstroemia* (Lund University, 2022).

Undergraduate Independent Research (Hon. 3990) – Co-supervisor, Project title: *Variable sex-specific selection and the maintenance of genetic polymorphism* (Monash University, 2017).

Curriculum Devel. Genetic Analysis – (Lund University, 2021–2022).

Grant Reviews Swiss National Science Foundation Project Grant, Division of Biology and Medicine, Bern, Switzerland. (2018)

Symposia Co-organizer for the Open Symposium on 'Sexual selection and the evolution of reproductive strategies'. 2019 Congress of the European Society for Evolutionary Biology (ESEB), Turku, Finland. (2019)

Manuscript Reviews Evolution, Ecology Letters, Proc. Roy. Soc. B, Genetics, J. Evol. Biol., Methods in Ecology and Evolution, Oikos, Ecography, J. of Functional Ecology, J. of Animal Ecology, Marine Ecology Progress Series, Oecologia, PLoS One, BMC Evolutionary Biology.

Contributed Seminars Invited Speaker, Center for Ecological and Evolutionary Synthesis, University of Oslo (2021), 'The maintenance of sexually antagonistic variation – lots of opportunities, but what are the costs? '.

Evolution in Sweden (2020, Tjärnö, Sweden), 'The evolution of recombination suppression between sex chromosomes by chromosomal inversions'.

ESEB (2019, Turku, Finland), 'Antagonistic coevolution between the sex chromosomes of *Drosophila melanogaster*'.

Evolutionary Ecology Section Annual Christmas Meeting (2019, Lund, SE), 'Sexually antagonistic selection in species with non-traditional reproductive systems'.

Evolution (2017, Portland, OR), 'Sexually antagonistic selection facilitates the evolution of separate sexes from hermaphroditism'.

Evolution (2016, Austin, TX), 'The evolution of spawning strategies in marine broadcast spawners' (*session chair*).

Ecological Society of America Annual Meeting (2012, Portland, OR), 'Foraging decisions, flowering phenology evolution, and the structure of pollination networks'. \*Winner: *Volterra Award for best student talk, ESA Theoretical Ecology Section*

1st Joint Congress Evolutionary Biology (2012, Ottawa, ON, CAN), 'Foraging decisions, flowering phenology evolution, and the structure of pollination networks'.

Canadian Society for Ecology & Evolution Annual Meeting (2011, Banff, AB, CAN), Poster: 'Extracting ecologically relevant data from mutualistic networks – competition for pollinators in alpine plant communities' (*conference volunteer*)

Ecological Society of America Annual Meeting (2008, Milwaukee, WI), 'Long term effects of predator arrival timing on prey community succession'.

33rd Annual Tester's Symposium (2008, University of Hawaii at Manoa), 'Long term effects of predator arrival timing on prey community succession'.

Invited Participant

ESEB special topics network "Linking local adaptation with the evolution of sex differences" (2018, Lund, Sweden; 2019, Montpellier, France).

Genetics Society of America Peer Review Training Program (2018 – 2019)

## Teaching

---

2021 – Genetic Analyses II (BIOR60) – Lecturer, Teaching Assistant. Lund University, Lund, Sweden.

Genetic Analyses I (BIOR59) – Teaching Assistant. Lund University, Lund, Sweden.

2017 Undergraduate Independent Research (Hon. 3990) – Co-supervisor, undergraduate honours independent research project in theoretical population genetics. Project title: *Variable sex-specific selection and the maintenance of genetic polymorphism*. Monash University, Melbourne, Australia.

- 2010–2012 Quantitative Biology I (BIOL 315) – Teaching Assistant. University of Calgary, Calgary, AB, Canada.
- 2012–2013 Marine Science (MRSC 321) – Teaching Assistant. University of Calgary, Calgary, AB, Canada.
- 2010 Intro. Anim. Phys. (BIOL 239) – Teaching Assistant. University of Calgary, Calgary, AB, Canada.
- 2008–2009 Long-Term High School Substitute Teacher (Sciences) – Anchorage School District, Anchorage, Alaska, USA.
- 2007 Marine Biology (BIOL 301) – Guest Lecturer. University of Hawaii at Manoa, Honolulu, HI, USA.

## Professional Training & Past Experience

---

- 2021 Docent Qualification Education (Part 2/2): Beyond Doctoral Supervision. Lund University, Lund, Sweden.
- 2020 Docent Qualification Education (Part 1/2): Doctoral Supervision. Department of educational sciences Division for higher education development (AHU). Lund University, Lund, Sweden.
- 2008–2009 Lab Manager/Research Assistant. Community ecology lab (Prof. Tad Fukami) Department of Biological Sciences, University of Hawaii at Manoa.
